## Execution is Key for Pick-up in Revenue Growth; Retain BUY

**Est. Vs. Actual for Q3FY26: Revenue – MISS; EBITDA Margin – MISS; PAT – MISS**

**Change in Estimates post Q3FY26 (Abs.)**

**FY26E/FY27E: Revenue:** -7%/-7%; **EBITDA:** -8%/-7%; **PAT:** -5%/-4%

**Recommendation Rationale**

- **Strong Order Book to Drive Revenue Growth:** As of 31st Dec'25, the company's order book stood at Rs 19,212 Cr. It is L1 for a project worth Rs 1,728 Cr. The strong order book offers healthy revenue visibility for the next 3-4 years. **We expect the company to deliver a Revenue/EBITDA/APAT CAGR of 7%/9%/10% over FY25-27E.**
- **Strong Bidding Pipeline to Support Future Growth:** The company has a healthy bidding pipeline, with bids submitted for projects worth ~Rs 13,000 Cr across roads, elevated corridors, and metro segments. Several additional projects are expected to be tendered over the medium term. **Management has guided for order inflows of ~Rs 4,000 Cr in FY26 and ~Rs 7,000–8,000 Cr in FY27, subject to timely award and execution conditions.**
- **EBITDA Margin Expansion Expected:** The company expects EBITDA margins to improve going forward, driven by efficient project execution and incremental order inflows. **Management has guided for margins in the range of 14%–15% in FY27.**

**Sector Outlook: Positive to cautiously optimistic for J Kumar Projects**

**Company Outlook & Guidance:** The company has revised its revenue guidance to the range of Rs 5,700 Cr for FY26 and 15% revenue growth for FY27. Going forward, EBITDA margins are expected to remain in the range of 14%–15%.

**Current Valuation: 11.5x FY27 EPS** (Earlier Valuation: **11.5x FY26E EPS**)

**Current TP: Rs 715/share (Earlier TP: Rs 775/share)**

**Recommendation: We maintain our BUY recommendation on the stock**

**Financial Performance**

J Kumar Infraprojects Ltd. (JKIL) reported a weak set of numbers in Q3FY26. The company posted revenue of Rs 1,306 Cr (down 12% YoY), due to slower execution caused by the extended monsoon and deferment of billing-linked milestone achievements. It reported EBITDA of Rs 189 Cr, down 14% YoY, and PAT of Rs 96 Cr, down 4% YoY. EBITDA margins stood at 14.5% in Q3FY26 (vs. the estimate of 14.6%) compared to 14.7% in Q3FY25.

Revenue mix indicates 11% contribution from underground metro, 16% from elevated metro, 26% from elevated corridors/flyovers, 36% from roads and road tunnels, 5% from water, and 6% from civil and other projects. Geographically, 68% of revenue was derived from Maharashtra, 17% from NCR, 2% from UP, 8% from Tamil Nadu, 4% from Gujarat, and 1% from Karnataka.

**Outlook**

JKIL remains one of the most established EPC contractors, well-positioned to benefit from its strong order book, robust execution capabilities, and sound financial profile. We estimate Revenue/EBITDA/APAT CAGR of 7%/9%/10%, respectively, over FY25–FY27E, driven by its diversified order book, healthy bidding pipeline, emerging opportunities in the infrastructure space, and the government support as seen in Budget 2026-27. However, the slower pace of new order inflows and execution challenges remains a concern, leading to a downward revision in our estimates.

**Valuation & Recommendation**

Currently, the stock is trading at 11x and 9x FY26E and FY27E EPS, respectively. We **maintain our BUY rating** on the stock and value the company's business at 11.5x FY27E EPS to arrive at a target price of Rs 715/share, implying an upside potential of 25% from the CMP.

## Key Concall Highlights

- **Order Book:** As of 31st Dec'25, the company's order book stood at Rs 19212 Cr, comprising 53% from elevated corridors/flyovers, 18% from roads and road tunnels, 6% from metro elevated, 5% from metro underground, 13% from civil and others, and 5% from water. Geography-wise, 63% of the order book is from Maharashtra, 19% from Tamil Nadu, 15% from NCR, 1% from Gujarat, and 2% from UP.

- **Order Inflow and Bidding Pipeline:** The YTD order inflow stood at Rs 515 Cr, and the company expects project wins worth Rs 4,000 Cr in FY26. The company has a robust bidding pipeline of Rs 13,000 Cr, mainly in metro projects. An order inflow of Rs 7,000-8,000 Cr in FY27.

- **Capex and Working Capital:** For 9MFY26, the company incurred a capex of Rs 433 Cr and has guided for Rs 100 Cr for Q4FY26 and Rs 200-300 Cr in FY27. Working capital days stood at 103 days in 9MFY26 and are expected to remain in the range of 115–120 as execution picks up going forward.

- **Leverage Levels:** As of 31st Dec'25, Short-term Borrowings stood at Rs 264 Cr, Gross Debt was Rs 656 Cr, translating into a Net Debt-to-Equity ratio of 0.2x. Retention money stood at Rs 415 Cr, Unbilled Revenue at Rs 600 Cr, and Mobilisation Advances at Rs 800 Cr.

## Key Risks to Our Estimates and TP

- Lower execution than expected may derail the revenue growth guidance.

- Higher input costs may impact the company's EBITDA margins.

Certain transactions-including those involving futures, options and other derivatives as well as non-investment grade securities - involve substantial risk and are not suitable for all investors. Reports based on technical analysis centre on studying charts of a stock's price movement and trading volume, as opposed to focusing on a company's fundamentals and as such, may not match with a report on a company's fundamentals.

We and our affiliates/associates, officers, directors, and employees, Research Analyst(including relatives) worldwide may: (a) from time to time, have long or short positions in, and buy or sell the securities thereof, of company (ies) mentioned herein or (b) be engaged in any other transaction involving such securities and earn brokerage or other compensation or act as a market maker in the financial instruments of the subject company/company (ies) discussed herein or act as advisor or lender/borrower to such company (ies) or have other potential/material conflict of interest with respect to any recommendation and related information and opinions at the time of publication of Research Report or at the time of public appearance. Axis Securities may have proprietary long/short positions in the above-mentioned scrip(s) and therefore may be considered as interested. This should not be construed as an invitation or solicitation to do business with Axis Securities. Axis Securities is also a Portfolio Manager. Portfolio Management Team (PMS) takes its investment decisions independently of the PCG research, and accordingly, PMS may have positions contrary to the PCG research recommendation.

This research report is issued in India by Axis Securities Limited in accordance with the Securities and Exchange Board of India (Research Analysts) Regulations, 2014. It is intended solely for persons residing in India. The report is not directed at or intended for distribution to, or use by, any person or entity resident in the United States of America, Canada, or in any jurisdiction where such distribution, publication, availability, or use would be contrary to applicable securities laws, including the U.S. Securities Exchange Act of 1934, regulations of the U.S. Securities and Exchange Commission (SEC), and regulations of the Canadian Securities Administrators (CSA).
